Summary

As a web developer and the founder of Blockmagic LLC, I specialize in creating high-quality, responsive websites using Webflow. With several certificates in web development and design, I have a deep understanding of user experience and design principles, which I bring to every project I work on.

While I am relatively new to the industry, I have already gained valuable experience through working with several clients to create beautiful, functional websites. Whether working with small businesses or large corporations, I approach every project with the same level of professionalism and dedication.

At Blockmagic LLC, I am responsible for managing all aspects of the business, from client communication to project management to development. I take pride in delivering websites that are not only visually stunning but also functional and user-friendly.

My skills include:

Webflow development

HTML/CSS/JavaScript

Responsive design

User experience (UX) design

Project management

If you're looking for a passionate and dedicated web developer to take your online presence to the next level, look no further than Blockmagic LLC. I am committed to providing exceptional customer service and working closely with each client to create a website that meets their unique needs and exceeds their expectations.

Experience

Founder

Blockmagic LLC

Oct 2021 - Present (1 year 6 months)

At Blockmagic LLC, I specialize in using Webflow to create responsive and user-friendly websites that meet the unique needs of each client. I have a strong foundation in HTML, CSS, and JavaScript, which allows me to bring even the most complex designs to life.
